

International Conference on Advances in Polymer Science & Technology  
23-25 November, 2017 | Radisson Blu Hotel, Dwarka, New Delhi, India

Organized by

Under the Auspices of

## Keynote Talks

#	Title	First Name	Last Name	Abstract Title	Institution	City	Country
60	Prof. BK		Behera	Opportunities and Challenges in Advanced Textile Structural Composites	IIT Delhi	New Delhi	India
76	Prof. Amlan		Gupta	Problems and pitfalls in preclinical trials of biodegradable polymers in skin wound healing – some solutions when resources are limited	Sikkim Manipal Institute of Medical Sciences	Gangtok	India
83	Prof. Atsushi		Suzuki	Effects of Pre- and Post-Chemical Crosslinks on Superior Lubrication of Poly(vinyl alcohol) Hybrid Gel for Artificial Cartilage	Yokohama National University	Yokohama	Japan
121	Prof. TOSHIAKI		DOBASHI	Anisotropic structure formation triggered by a contact of two phases	Gunma University	Kiryu	Japan
351	Prof. Joëlle		Amedée	How to manage and control bone formation and vascularization within polysaccharide-based matrices?	Inserm	Bordeaux	France
	Prof. Jöns		Hilborn	Polymeric Materials for Human Healthcare	Uppsala University	Uppsala	Sweden
	Prof. Ipsita		Roy	Scaffolds for Tissue Engineering	University of Westminster	London	UK
